LONG STAPLE COTTON

We are always on the market for long staple cotton at market prices. We will quote promptly on samples mailed us. In order that we may quote intelligently, be sure to take samples from both sides of the bale. We have at the mill an expert stapler, who is a competent judge of length and character.

It is important that staple cotton be properly ginned. We are glad to give to any farmer raising staple cotton, who will write us, the benefit of our knowledge and experience as to the proper way of handling staple cotton.

20-Year Loans on Farm Lands

I am authorized by the Central Union Life Insurance Company to make loans on improved farm lands for twenty years. This is on a new plan put into effect September 1, 1916.

Take as an illustration, a loan of \$100: On this plan the principal and interest would be paid in twenty annual payments of \$10.1852 each. Thus the annual payments are very little more than annual interest and at the end of twenty years the whole debt of both principal and interest is paid in full.

Young man, stop paying rent. Buy your own home and farm and pay for it on this twenty year plan and be independent. Address,
